

WANABIWOOD

INNOVATION THROUGH FLOORING

Our Team

Renalde Pretorius	Owner
Grant Neve	National Sales Manager, also covers all African Countries as and when required.
Sandy McLardy	National Contracts Manager South Africa, plus also Africa when required.
Hecele Campbell	Cape Town & Garden Routes Representative
Barry Humphrey	KZN Agent
Cecelia Holm	Office Manager Head Office
Louis Holm	Logistics Manager
Namibia is covered by an agency called Floorworld. Other African Countries are covered by local contractors ad hoc	

The objectives of the meeting are as follows.

1. To ensure correct product is shown for the application discussed.
2. Correct technical information is on hand.
3. Correct descriptions of the terms given to various products, Example, Heterogenous, Homogeneous
4. To be able to identify the add on extra value options with our portfolio.
5. To understand what we can source should we not have the specific flooring product or accessory.
6. End goal, to meet clients as if you were an employee of wanabiwood with all the facts to hand.

Versatility redefined

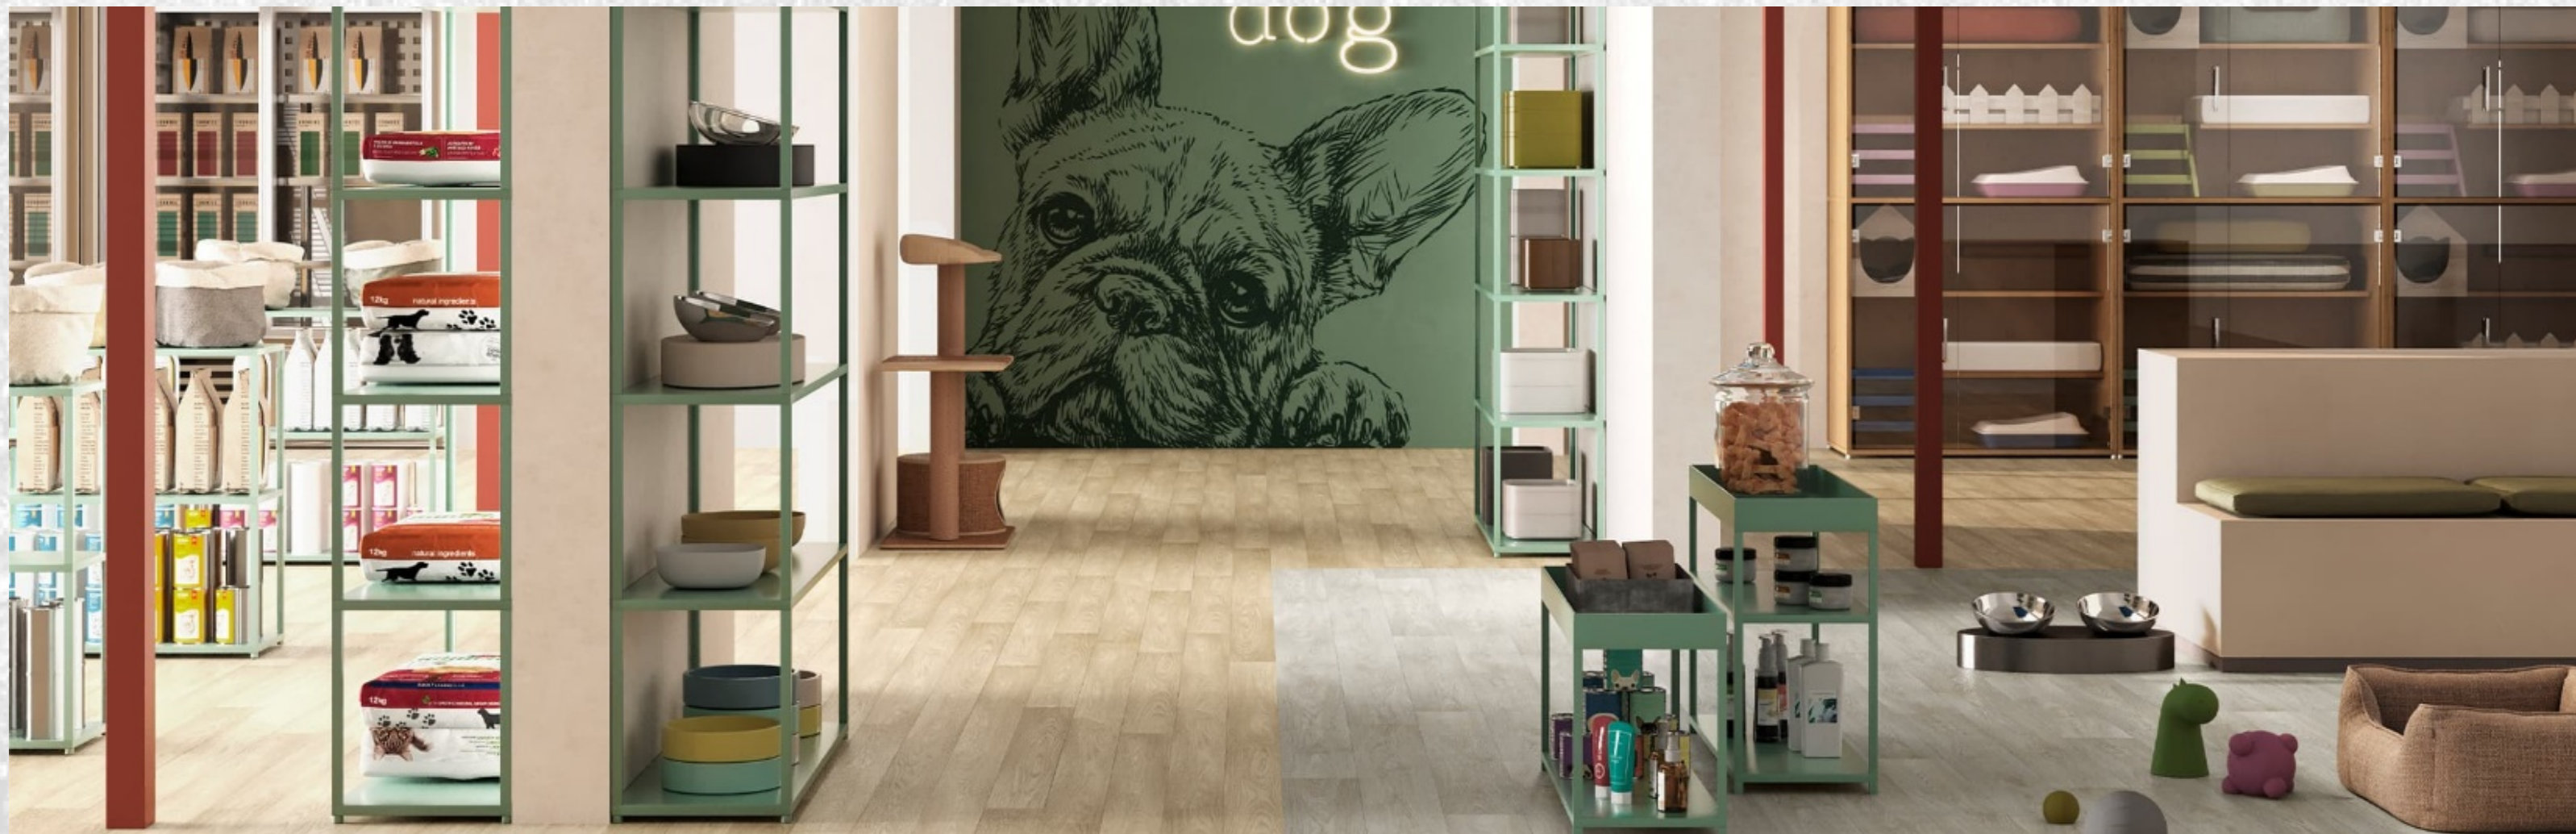

I Safe

Take on spaces that need the best slip-resistance and durability with the stylish designs of Isafe 70 heterogeneous vinyl.

When it comes to busy spaces where people are always on the go, the slip-resistance of Isafe 70 heterogeneous vinyl gives a reassuringly safe surface underfoot. With the R12 wet and dry performance of permanent Hypergrip technology, this is a floor that conforms to the highest European safety norms and that's made to excel in preventing slips.

Optimise 70

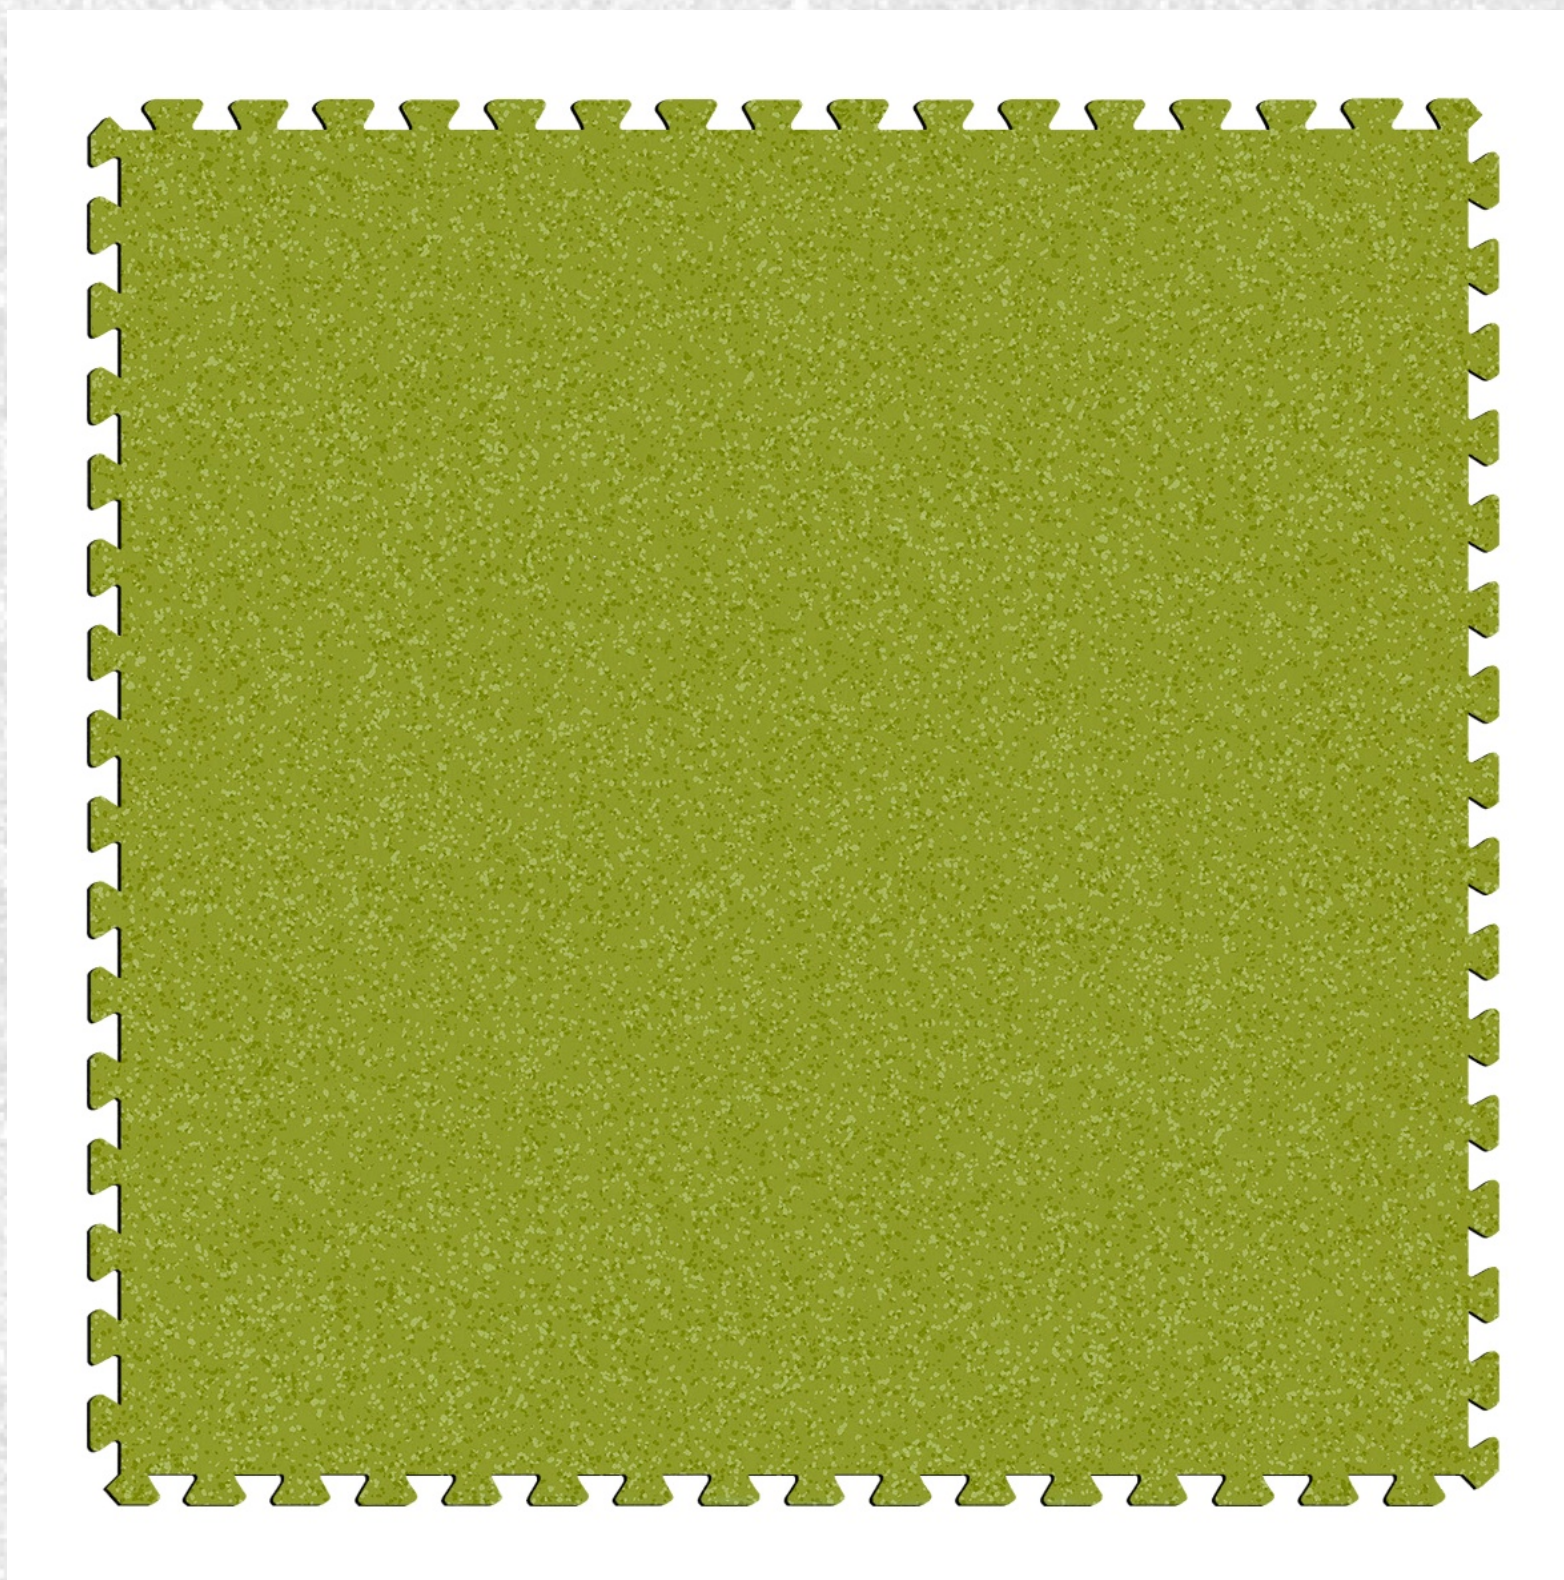

Quiet and colourful Heterogeneous Vinyl for heavy wear spaces

By reducing sound and embracing colour, Optimise 70 lifts heavy traffic areas out of the ordinary, making your projects quieter and brighter. Featuring 54 solid colours and material effects, all with 19dB impact sound reduction, this vinyl floor provides a high-performance solution to the challenge of busy spaces.

Bring the peaceful joy of colour to busy places

Designed to make high traffic spaces more comfortable and more beautiful, Optimise 70 combats noise in a floor that's made to withstand the demands of busy environments. For education, healthcare, student and social housing, office and retail projects that need a tough and easy to maintain finish to lift spaces out of the ordinary, Optimise 70 delivers.

flotex

Flotex is a carpet like no other, a carpet that thinks is a resilient floor covering and has been around for over 50 years. Invented for use in kitchens back in the UK, this product has remained unchanged and unchallenged since its inception. Due to its make up of nylon 6 and the fact that there are 20,000 2mm high fibres in every square inch, this product is virtually stain proof.

Stocked Sheeting Colours
